Three Months' Course To Be Offered at Menlo Park

MENLO PARK, Sept. 23.—Firemen of the peninsula are going to school here soon.

Plans for a three-month course of instruction for firemen were announced today by Fire Chief Thomas Cuff of the Menlo Park-Atherton Fire Department. Prominent fire department and fire underwriters executives are being secured to conduct classes here Monday, Wednesday and Friday evenings during October, November and December.

The school is being organized by Chief Cuff under the supervision of the board of commissioners of the local district. A thorough examination will be given to candidates for certificates signed by State Fire Marshal J. W. Stevens and the local commissioners.

Hollis R. Thompson, city manager of Berkeley, will give the opening lecture the evening of October 3 on "Administration." Stevens will also be a speaker at the first meeting, which is open to the public.

CHANGES IN STAFF MADE BY SCHOOL

Heavy registration for the second group at the Peninsula School Ltd. has made necessary the dividing of the group into two sections. Mrs. Amy Anthony Burt will have the younger children and Miss Elizabeth Woodyatt, who was to have taught the third group, will have the older. Julian Edmond, formerly of Baltimore, has been secured as third group teacher. Mr. Edmond is a graduate of Johns Hopkins University and was formerly associated with the City and Country School of New York.

Miss Laura Dodge is expected about October 1 to assist with the second group. Miss Dodge, a niece of Mrs. Frank B. Duveneck, principal of the school, is a graduate of Milton Academy at Milton, Mass.

Mrs. Clair Nolan will take charge of the library during the leave of absence of Mrs. Ethel McClellan.

Registration was taking place today at the school.

At a faculty meeting yesterday, activities for the year were discussed. Among them were a Thanksgiving festival and a faculty presentation of the Milne story, "Winnie the Pooh." The faculty show was decided upon because of the success of the "Alice in Wonderland" play given last spring.

No Action Taken in Dog Racing Question

SAN CARLOS, Sept. 23.—Acting in accordance with a request from the Palo Alto Chamber of Commerce, the chamber of commerce here met to discuss the question of what effect the dog racing plants in San Mateo county have on business establishments. Little interest was shown, and no action was taken.

The matter of erecting a sign which would identify San Carlos on the Bayshore highway was another topic of discussion. It was agreed to put the question before the people of San Carlos asking them to contribute to the purchase of such a sign.

Lip Reading Class Monday, Thursday

Dates of meeting of the classes in lip-reading conducted by Mrs. Laura Franesen as a part of the Sequoia evening school program, will be on Monday and Thursday evenings from 7:30 to 9:30 o'clock instead of Tuesday and Thursday as originally announced. The classes are open for enrollment.

Hartley Will Filed Today For Probate

New Development in Pioneer Teacher's Estate

A petition for probate of the will of Mrs. Jennie E. Hartley, pioneer school teacher of Redwood City, who died August 30, was filed with County Clerk Elmore B. Hinman today by Carl Wagner, assistant trust officer of the Bank of America National Trust & Savings Association.

The will, dated July 3, 1928, leaves the furniture and personal effects at the Hartley residence on Middlefield road to her cousins, Josephine and Marie Bacon, and the rest of the estate, valued at more than \$10,000, to Sidney L. Williams, foster son, of Marshfield, Ore.

Bank Executor
Mrs. Hartley named the Bank of Italy National Trust and Savings Association as executor of her estate.

The will was witnessed by Albert Oneto and Anthony M. Bonaville.

Filing of Mrs. Hartley's will offers a new angle to the contest over her estate, which developed following her death.

On September 6, the three cousins of Mrs. Hartley—Josephine and Marie Bacon (known as Birdie and Dollie), and J. B. Bacon, of Windsor—brought suit in the superior court to break a \$100,000 trust created by her four years ago.

Mind Unsound, Charge
The cousins charged that Mrs. Hartley was of unsound mind when she made the trust agreement on July 3, 1928. That is also the date of the will.

In the trust, Mrs. Hartley provided that upon her death sums totaling \$25,800 should be paid to relatives and strangers, and \$40,000 should be set aside as the "Jennie E. Hartley Scholarship Fund."

Income from this fund was to be used to pay for the education of Mr. Wagner's two children, Carl Jr. and Norma, and after October 1, 1951, this income was to go to educate one male and one female student at Stanford University.

The cash payments provided for in the trust are to the following: Josephine and Marie Bacon, who are the "Birdie" and "Dollie" Bacs designated as plaintiffs, \$1,500 each; \$2,000 to Bowne Bacon of Windsor, and \$2,000 to his wife Margaret; \$6,000 to the benefit of W. O. Hartley; \$5,000 to Marvin and Lydia Benson of Los Angeles; \$3,000 to Emeline Keating, Redwood City; \$2,000 to Alma Hasker, San Francisco; \$1,000 to Emma Hasker, San Francisco; \$1,000 to Etta K. Lueger, Redwood City; \$1,000 to Richard Barrett Jr., Palo Alto, and \$800 to Ellen Gibson of San Mateo.

Son Gets Residue

The Misses Josephine and Marie Bacon are also to be given title to the family home here on Middlefield road, and to three lots on King street at Vera avenue.

All the rest of the estate is to go to the deceased's foster son, Sidney Williams, or Delpha Williams, his wife.

In the complaint the court is requested to find that undue influence was exerted in preparing the document, and it is requested that the indenture be set aside; that the bank be instructed to pay over to the administrator all funds and assets that have been returned to her estate, and that titles to real property held by her be quieted.

The guardian of the estate, appointed by Judge George H. Buck on July 2, is Attorney Richard W. Barrett and the guardian of the person was Birdie Bacon, appointed by the court on June 27. Plaintiff Bacon and Miss Birdie Bacon both sought to be appointed as guardian of her estate some months ago when they sought to establish Mrs. Hartley as an incompetent person. Judge Buck, however, appointed Attorney Barrett.

Attorneys handling the litigation filed include Barrett & Barrett, Treat & Ogden, and W. D. L. Held. Edmund Scott is attorney for today's petitioner.

SUCCESSFUL CREW OF 75 IN BATTLE

Heavy Timber Saved As 70 Acres Are Burned Over

Approximately 70 acres of brush and second-growth timber lands in a canyon near Kings mountain were burned over in a fire which was brought under control after four hours' work by 75 men under Fire Warden Bert L. Werder Monday night.

Relief Sent
Werder returned to Redwood City Tuesday after a relief crew of 30 had been dispatched to the scene that morning to keep watch and prevent the fire from breaking out again.

The flames did not reach the heavily-timbered section nor endanger any summer cabins in the Kings mountain district, although Werder reports that co-operation of peninsula fire departments and the local unemployment relief committee prevented the blaze from mounting the ridge and getting out of control in that direction.

Fog Aids Fire Fighters
Fog during the night helped to smother the flames and confined them largely to the underbrush, Werder said.

A sparse stand of young redwoods and oaks was in the burned area, which had been cleared of larger trees by logging operations.

H. F. McNEIL TREASURER AT BELMONT

Appointment Made by Council; Succeeds J. W. Herringer

BELMONT, Sept. 23.—Harold F. McNeil of Belle Mont was named Wednesday evening by the council as city treasurer of Belmont to succeed John W. Herringer who resigned his post on September 8.

McNeil's appointment as city officer of Councilman Clifford Lusier, seconded by Councilman Louis C. Vannier. Other applicants were Capt. A. T. Hasbrouck and F. Llewellyn.

No appointment was made to fill the post of police officer. This position was also vacated by Herringer. The city officials believed in view of the economic situation they would not appoint a third police officer at the present time.

Chief of Police Irvin Hansen and William Neilson will handle the affairs of the police department.

Auditor Named
The contract for auditing the city's books was awarded to Walter Poppin of San Mateo who was present at the meeting.

For the safety of the patients at Twin Pines Sanitarium, Dr. William H. Rebec recommended that a pedestrian crossing be established between the main building and the annex. Dr. Rebec also suggested that a sign "quiet" be erected in front of his institution. The matter was taken under advisement.

A. F. Donovan of Redwood City asked permission to blast and excavate his property in Belle Mont. The matter was referred to the street commissioner for consideration.

George Rousell of Sixth avenue appeared before the board complaining that an intersection sign at the corner of O'Neil and Sixth avenue had been broken and was replaced in the wrong position, which was misleading to the motorist. The matter was referred to City Engineer William Hendricks.

Road Repair Asked
A property owner residing in the Laurel creek area asked that the road in this section be repaired. The city council has no jurisdiction over this area which is located outside of the city limits. City Engineer Hendricks was authorized to confer with the board of supervisors, recommending this work be done.

William Marston was appointed as a member of the city planning commission to replace Horace Duckenfield, who resigned his post some few months ago.

VOTE YES ON AMENDMENT 9

Every voter of California should give intelligent thought to Amendment Number 9 on the November ballot.

Number 9 seeks to relieve property owners of part of their tax load. If the proposition becomes a law the county school tax must be assumed by the state. This will cut local taxes about 20 per cent. The average saving in the state will be approximately 71 cents on the \$100 valuation.

Number 9 will not increase school expenses. It does not guarantee anything to the schools that they are not getting now. It does, however, transfer the cost from the county to the state.

To substitute a new source of revenue for real estate Number 9 directs the state legislature to pass an income tax and a luxury tax to secure the funds which the counties will not have to raise.

The income tax will be paid by those who have the ability to pay taxes. The luxury tax will be paid by everyone in the state who buys non-essentials. Not a single item that is necessary for the average family would be taxed.

In San Mateo County the funds to be raised by county taxes for the fiscal year of 1932-33 are:

Elementary schools . . .	\$335,798
High schools	216,085
Total	\$551,883

Taxpayers of San Mateo County would save this entire amount if Number 9 were in operation this year.

Every one interested in home ownership, every one interested in lifting the burden now borne by the farmer, lumberman, dairyman, orchardist and business man should VOTE YES ON NUMBER 9

PHILADELPHIA WOMAN RECALLS GIRLHOOD DAYS SPENT IN R. C.

In a letter to a local paper recently Mrs. Caroline Pulcinella of Philadelphia delightfully refers to her girlhood spent in Redwood City in the seventies and names the people and places she knew in those peaceful days of long ago, when Redwood City was not so large or progressive.

Mrs. Pulcinella has been a reader of the Times-Gazette for over twenty years and keeps in touch with the city in her youthful days and girlhood dreams.

In her youth she was known as Carrie Biehl, daughter of a mill man who was employed in the old mill of which she speaks in her interesting article. She was accounted as the prettiest girl in Redwood City in those years that have flown. Mrs. Pulcinella left this city in her teens but has always felt an interest in this place.

She attended the grammar school, making a good record in her studies. Among her classmates were: Walter Knight, J. V. Swift, Mrs. Lily Kirkpatrick and many others, many of who have answered the final summons.

Her letter is reproduced and is as follows:

Editor Tribune: Since last November I've been receiving your splendid paper, and cannot express my pleasure in reading it, especially the Progress number.

When I tell you I went to California in 1875 (left there in 1880), part way in a covered wagon and the rest of the way on an emigrant train, and it took about nine days and nights to go from Omaha to Oakland, you will know how much I appreciated reading about the progress which has been made. Many, many names I knew, more than 50 years ago, in Redwood City.

I have old school mates, old acquaintances—and relatives and friends in Long Beach, Santa Cruz, Los Angeles, Pasadena, Santa Barbara, San Luis Obispo, Ventura, Tulare, Salinas, Pescadero, Woodside, Redwood City, Burlingame and San Francisco. Also relatives in Oakland and Chico, and friends in Portland, and Seattle. We lived in Santa Clara, Redwood City, Bear Gulch and Pomponio.

Oh, I love California. I've been in every state in the Union, some many, many times; all over Canada, Old Mexico, Cuba, the Bahamas, etc., and there is no place I love so well as California.

Many trips have I made since 1900. I attended the Panama exposition . . . I went to school in the large school building which stood near the slough and South-east Pacific tracks (now demolished). The small building was still in the old place when I was last

CHANGE IN SETUP NOW SUGGESTED

Turning Basin Will Be Revised at October Meet

Decision to ask for a rehearing in the Redwood City deep water port project was reached by the executive committee of the San Mateo county harbor committee here today.

The committee met Tuesday afternoon at the chamber of commerce office, with members of the citizens' harbor committee of Redwood City, which functioned prior to the formation of the county body. Carl Stoner, who was chairman of the local group, is also chairman of the county committee.

Col. T. M. Robbins, United States division engineer at San Francisco, will be urged to recall the harbor case from Washington, for further discussion and a revision of certain phases of the project.

This rehearing will probably be held in October. Howard I. Wood, manager of the chamber of commerce, said today.

One of the chief matters to be discussed is that of the turning basin for ships. Certain changes have been deemed advisable.

The government has already indicated it would share in the dredging cost of the Redwood harbor on a 50-50 basis.

Meanwhile, the county committee is planning a study of a harbor district.

CAGE TEAMS MEET POLY HI THIS EVE

Another heavy test for the Sequoia high school lightweight basketball teams is in store tonight at 7:30 when Coach Ray Dimick sends his Cherokee hoopers into action against Polytechnic high school's outposts from San Francisco in the Sequoia gymnasium.

Improved performances of the Sequoia 120s during the past three weeks enabled them to defeat Lowell last week by an ample margin and heavy practice this week has prepared them for tomorrow's opposition.

One chance announced by Coach Dimick is the starting of Inouye at forward in place of Hart. The Japanese player, a brother of Charlie Inouye, former Sequoia basketball and track star, will pair with Charlie Bendich. The rest of the lineup will be the same, with Jack Reynick at center and John Argo and Sasuma Okamoto at the guard berths.

The 110s are a bit slower in developing shooting ability. Coach Dimick reports. The floor work of the midgets is gradually smoothing out but the squad still lacks players who can hit the basket consistently.

On the starting lineup of the 110s will be Farrell and Douglas, forwards; Jordan, center, and Teague and Hunt, guards.

Admission to the game is 25 cents for adults and 10 cents for students with cards.

For the third time the board split on the matter, voting 3 to 3. Councilmen Jones, McNulty and Hildebrandt voted "no" to Councilman McCarthy's motion that the signal be approved, and Councilmen McCarthy, Beger and Lambert voted "yes." Mayor Dusel then voted "yes," and cast the deciding vote.

Johnson Held, Pal Freed in Negro Death

Karlisle ("Tex") Johnson was found guilty of assault to do bodily harm and Victor Fulton was acquitted in the death of William Tolson, Negro race-track employee, by a jury in Judge Franklin Swart's court late yesterday.

Tolson died in a South San Francisco hospital May 15, nine days after an altercation at a San Bruno boarding house in which he was stabbed with a pocket knife and beaten over the head with a brick.

Time of passing sentence on Johnson was set for Monday.

Fulton, the last witness to take the stand yesterday, testified that he went to the assistance of Johnson when he latter was threatened with a razor by the Negro.

Fulton showed the jury a scar from a razor cut on his left arm, which required 18 stitches to close, and another on his left thigh. He said he and Johnson had no intentions of killing Tolson but tried to disarm him. He declared he never saw the knife allegedly used in the fight, nor did he see it in Johnson's possession.

The defendants were represented by Attorney Fred Combs of Redwood City.

The case went to the jury after District Attorney Edmund Scott presented the prosecution's final argument.

The award was made to Primus Bennett of the Richmond club.

Election of officers resulted in the selection of Dr. Ben Black of Oakland who succeeds Arthur Strelow as lieutenant governor of the division. The latter presided as chairman of the evening.

The meeting was marked by the largest attendance in the division's history with 400 members present from 14 clubs.

Twenty members of the club visited the Park-Presidio Club yesterday. President John Gill of the local club was in charge, and the local members presented a program. The speaker was the Rev. WHAT DO ANNEXATIONISTS THINK OF THIS ARGUMENT?

Although San Mateo county has a population of nearly 100,000 and a registered vote close to 50,000 and in point of population is the fifteenth county in the state it is rarely recognized by either of the two major political parties.

Both organizations met at Sacramento last Thursday to appoint presidential electors and each failed to select one from this county.

It may be that we do not demand our rights, or it is just possible that all recognition given to San Francisco is considered recognition for San Mateo county? That argument may be all right for our neighbor but the people of this county do not look upon it in that way.

What do annexationists think of that argument?

Redwood City's Industries

will move forward again

Prior to the depression, Redwood City's industries paid out about \$2,000,000 a year in wages. Over 14 industries were turning out a variety of products including cement, leather, canned goods, asbestos, fire-backing, and insulating materials. The value of manufactured products in 1929 was over \$47,300,000. About 3,700 people were employed.

These industries rest on solid foundations. Although temporarily retarded, they will move forward again as they have moved forward in the past. And the increasing population of California and San Mateo County will accelerate their growth.

Expanding industries create opportunities for enterprising individuals. They enlarge the fields in which capital may be profitably employed.

Today those who are looking ahead are saving the capital with which to meet tomorrow's opportunities. Open your account now with this county-wide institution. Open for business since 1891.

Mrs. Netherton is a former well-known Menlo Park girl, Miss Rose Hammon, and is a sister of Mrs. John W. Poole of this city. The couple will reside in Soquel.

'Big Shot' Spending Time in Jail Here

Mike Gallo, reputed "big shot" in the Oakland liquor racket, began to serve three months in the San Mateo county jail today, following a sentence imposed in San Francisco yesterday by Federal Judge St. Sure.

Gallo, 45, was also fined \$1,500 for violation of the prohibition act, to which he pleaded guilty. Four of his alleged lieutenants were each sentenced to 30 days.

Cracking of Safe In School Revealed

Redwood City police today were pressing their investigation of the cracking of a safe in the office of Superintendent of Schools John Gill at the McKinley school Friday evening.

The combination of the safe was chiseled off and \$12 in cash taken, it became known yesterday. Two windows and a door were smashed by the intruders.

Iron Bunny Stops; Dog Races Halted

Because the iron rabbit at the Baden Kennel Club race track developed mechanical trouble and couldn't keep ahead of the greyhounds Monday night, the last three races on the program were called off. The bunny is in shape to lead the pack home on tonight's program, however.

Inquest Jury for Exoneration Of Boy Held in Homicide Case

Verdict of justifiable homicide in the fatal shooting Thursday night of William W. Lauterback of Menlo Park by his step-son, Warren Cleveland, with recommendation for complete exoneration of the boy was returned by a coroner's jury at the inquest into Lauterback's death here Tuesday.

Immediately after the inquest, at which young Cleveland and his mother, Mrs. Mary Cleveland Lauterback, were the chief witnesses, the youth was returned to the juvenile quarters at the county jail pending a coroner's jury hearing scheduled for 2 o'clock Thursday afternoon by Judge Franklin Swart.

Widow Shows Bruises

After hearing the testimony of Cleveland and his mother, during which Mrs. Lauterback showed bruises on her arms and face which she claimed were inflicted by Lauterback previous to the shooting, the coroner's jury returned a verdict of death by gun shot wound through the heart, deceased shot by his step-son, with the following recommendation:

"We declare this act to be a case of justifiable homicide. We, the members of the jury, recommend that E. W. Cleveland (accused) be exonerated of all blame."

Seven Jurors

Members of the jury were O. E. Herremann, E. J. Ryan, Emmett Donnelly, R. F. Walsh, D. E. O'Keefe, H. J. Miller and A. L. Mills.

Substantiating Mrs. Lauterback's testimony of attacks by her husband on previous occasions, when she incurred a broken nose and a severe laceration of the scalp, were neighbors living near the Lauterback home on Alameda de las Pulgas. They included Carl Alfredson, Fred Armstrong and Mrs. Barney Stahl.

Menlo Park

The anniversary dinner given by Menlo Parlor, N. S. G. W. at the Oak Grove Villa last Saturday evening was a great social success. The attendance was large. Wit and repartee prevailed making the evening one of joy and merriment. History of the parlor from its organization forty years ago was retold by the charter members with delight and listened to by all with interest. But few of the charter members are left to tell the story, many having crossed the bar, where there was no moaning when they put out to sea and met their pilot face to face in that unknown sea. Mayor Weeden was toastmaster, calling upon all for remarks. The grand officers present were Grand Trustee John McShane, Grand Second Vice-President Koneil, Grand Secretary John T. Regan, and Grand Trustee John Burnett. All congratulated the parlor on its progress and enthusiasm. Tony Bertolucci, proprietor of the Oak Grove Villa, and which was formally opened that evening, proved himself a splendid host. The dinner was delightful, enjoyable and many words of praise were given the genial Tony for his efforts to please the Native Sons.

Mayor Weeden and his genial wife will leave Saturday for San Diego to attend the annual meeting of the California League of Municipalities. They expect to be absent for a week. The convention is to be the largest in the history of the organization.

St. Joseph's Alumni Association will have a tryout Sunday evening, September 25, to select a troupe for a new play to be presented some time next month. All members of the association are urged to be present in order that a good selection may be made.

Mr. and Mrs. J. B. Kelly of Los Angeles and their baby son, Joseph Edward, are passing a month in Menlo Park with Mrs. Kelly's parents, Mr. and Mrs. M. Poulsen.

The time for registering for the November election closes on September 29. Register now and thus have an opportunity to vote for Herbert Hoover to succeed himself.

A number of the old line Democrats will attend the Roosevelt celebration in San Francisco this evening. The "unterrified" will be there in large numbers and listen to his speech at the city auditorium. Roosevelt is a good speaker and will hold his audience.

E. Michael, a painter, fell from a ladder on a building in Stanford Park on September 19, sustaining a compound fracture of one leg. He was rushed to the Palo Alto Hospital by Chief Frank Love, who was first on the scene. Michael fell between ten and twelve feet.

Sweet Menlo Park, loveliest village of the peninsula, where smiling spring its earliest visits pay and parting summer's lingering blooms delay, has been shamefully vilified in an article appearing in the Palo Alto Times of September 17 entitled "Better Law Enforcement Needed in Menlo Park." Chief Love and his able assistants are enforcing the law to the very letter and doing splendid work in the community. The police department cannot be held responsible for crimes committed outside of the city limits. The horrible affair that took place on the Alameda recently was enacted in territory nearer to Atherton than Menlo Park and actually a mile and a half from the city limits. Why should Menlo Park be held accountable for crime committed far beyond its boundaries any more than Palo Alto with its adjoining territory where bootlegging flourishes? Let Palo Alto look after and clean up its own backyards before telling the people of Menlo Park what to do.

An order will be issued shortly extending rural route No. 2, Menlo Park, effective October 16. The extension is based upon the petition of Paul Lyman, Joseph Basso, E. E. Collins and other living in the territory to which the route is to be extended.

Mrs. G. S. Johnston Dies in Hillsborough

SAN MATEO, Sept. 23.—Mrs. Edna Johnston, wife of George S. Johnston, Pacific coast manager for the American Optical Company, died Monday in Hillsborough. She had been ill for several months. She is survived by five children in addition to her husband. Funeral services under direction of the George W. Snider Undertaking Parlor were held at the San Mateo Congregational Church, with interment in Cypress Lawn Cemetery.

Miss Lorraine Dickey, the popular deputy tax collector, has returned from her summer vacation spent in Northern California. Miss Dickey is a very clever and efficient young woman, who enjoys the friendship of many on the peninsula.

BABCOCK TO BE WITNESS AT HEARING

William Rider Babcock, Manila business man, who was critically wounded several times at the same time that his wife, Mrs. Lillian Babcock, was stabbed to death early on the morning of July 26 at Los Altos, will be both a prosecution witness and defense witness at the trial of his nephew, young George Douglas Templeton Jr., for that murder.

This became known today upon the announcement of the district attorney's office that Babcock would be called as a prosecution witness and the revelation of defense counsel that a subpoena had also been issued for him by the defense. Templeton's trial will commence in the superior court of Judge R. R. Syer at San Jose next Monday.

At the time of his reception of newspaper men while he was still in the Palo Alto Hospital several weeks ago recovering from his wounds, Babcock refused to say what his attitude would be toward his nephew's trial, declaring that the prosecution had asked him not to make any remarks along that line. He also declared that he had forgiven the 20-year-old University of California student for his attack upon him but not for the fatal knifing of Mrs. Babcock.

Another pre-trial development was the announcement of Claire Burnette, Templeton's "alibi girl" witness, through Earl Girvin, San Jose attorney, that she would not testify for the prosecution. Miss Burnette made a lengthy statement to Sheriff William J. Emig when she was taken into custody after Templeton's arrest but broke down when she was called to testify at the preliminary hearing later at Mountain View. Girvin, who has been acting as her attorney, is also associated in Templeton's defense.

In the meantime, a flurry of excitement was created by the motor trip of Fred and Barbara Ross, roommates of Miss Burnette, from San Jose to Oakland yesterday afternoon under the guidance of Deputy Sheriff Joseph Walsh. Walsh, however, maintained that the two had been taken to Oakland merely because they wanted "to doll up" for the trial. While there, they met Miss Burnette. The Rosses have been kept in custody as material witnesses for the prosecution. Miss Burnette gained her release from custody several weeks ago by posting of a bond to appear at the murder trial.

'Capt. Applejack' Will Be Presented

"Captain Applejack," a three-act mystery comedy, by Walter Hackett, will be presented in the Sequoia Union High School auditorium by the Sequoia Players Friday evening, October 7.

Henry Katteren plays the lead in the part of Ambrose Applejohn, a man settled in his ways. Opposite him is Helen Quilfelt, who, as Poppy Faire, gives him affection which is not returned.

Applejohn, while thinking of selling his home and enjoying his riches, falls asleep and dreams of his pirate ancestors. During the dream he becomes aware of his love for Poppy and finds home life enjoyable.

The role of Borolsky, the villain, is portrayed by Milton Abbott, while Janice Paulman will play Anna Valeska, the villainess. Annette Spohr will portray Mrs. Whatcombe, while Pengard and Madame Pengard are taken by Jack Scharlin and Elise Werthman, respectively. Francis Hutchinson will have the role of Lush, the faithful family butler.

The first act takes place in a seventeenth century mansion in England. The second act takes place aboard an eighteenth century pirate vessel. All costumes will be representative of the eighteenth century.

Pupils Escape as Large Limb Falls

What might have been a serious accident resulted in nothing worse than a damaged bicycle shed and guard rail by the steps of the Lincoln grammar school, when a large limb on a tree broke and fell Wednesday afternoon.

The tree, a eucalyptus, stands in the middle of the playground at the rear of the school. It was apparently sound, but one of its largest limbs suddenly gave way and crashed towards the school-house.

Plans were being made today to remove the tree.

Red Cross Chapter Preparing to Give Gov't Cloth to Local Needy

Redwood City's chapter of the American Red Cross has sent its order to San Francisco headquarters for a supply of cotton material, which will be made into clothing for needy families of this locality.

This material will be handled in the same manner as is the Red Cross flour. It will be stored at the fire house on Middlefield road, in a rat, damp-proof and fire proof room, and given out on requisition. Firemen will assist the committee in the distribution of the cloth. Chief Mark Ryan and his men have been co-operating with the chapter for some time.

Mrs. Bertha Potts is production chairman for the local Red Cross chapter, and Mrs. George Hopkins is assistant for government cotton distribution. Also on this committee are Miss Cora Clute, Mrs. Viola Poole, Mrs. Ernest Werder, Mrs. Morris Cooper, M. E. Ryan and Mrs. Z. T. Thorming, who is chapter chairman and official member of the committee. On July 5 President Hoover approved an act of congress authorizing the transfer of 500,000 bales of government-owned cotton to the Red Cross for use in providing clothing and wearing apparel for the needy people of the United States.

A call for 100,000 women volunteers to a job in the production of cotton clothing has been issued by James L. Fieser, vice chairman of the Red Cross, who is in charge of the distribution and conversion of the half million bales. Redwood City's quota is promised and already organized sewing groups are making the material into clothing, which will be distributed through the unemployment committee.

CLUB EVENTS LISTED FOR MONTH

The Redwood City Woman's Club calendar for October contains announcement of two interesting programs. The first will be a reading by Miss Lillian B. O'Neill on October 5, Miss O'Neill will be remembered for her excellent work in Eugene O'Neill's "Mourning Becomes Electra," which she read before the club last year. She is a reader well liked not only on the peninsula, but in San Francisco and throughout the bay district.

The second program host will be given to Mrs. Louise Hosteller Goode of Stanford University who will give several groups of word pictures of the Indians of the southwest. Mrs. Goode, who is compiling a work on this subject, will also have a program of Indian music.

At the meeting of the garden section, October 7, Mrs. Ernest H. Massey, new county garden section chairman, will give a talk on the cultivation of tuberous begonias.

An announcement of interest to music lovers is the concert to be given by the club choral section some time this fall. This group, under the direction of Mrs. R. A. Hohberger, is composed of practically the same personnel as last year.

Open forums for the discussion of current topics are being planned for the fall, according to Mrs. Kilbourne.

Woodside

One of the prettiest weddings of the many held in Woodside this summer was that of Mr. Alexander Donald and Miss Barbara Pond at the Woodside Church on Saturday last. The church had been beautifully decorated for the occasion and the Rev. Benjamin St. John read the service. Miss Peggy Martin, one of the bridesmaids, caught the bridal bouquet tossed by Mrs. Donald.

Mr. and Mrs. Henry Roeding and their daughters, Misses Margaret and Dorothea Roeding returned this week to their home in San Francisco after spending the summer at their home here.

Mrs. Kathryn Conrad and Mr. John Menzies, entrants in the Menlo Circus Club tennis tournament, were house guests of Mr. and Mrs. Merrill Morshead over the last week-end.

Sixteen members of the Woodside Parent-Teacher Association met together for an old fashioned quilting bee at the school auditorium on Wednesday afternoon.

Miss Marian Arnold at Portola and Miss Eleanor Greene at Woodside are the student teachers assigned to this district for their practice teaching by the State College at San Jose.

The Portola Social Club is planning an elaborate entertainment to be staged at the Woodside School auditorium in October. It will take the form of an amateur night in vaudeville. This vaudeville boasts very talented performers whose modesty prevents their appearance in the larger centers but who are willing to display their wares for the benefit of their neighbors.

The annual dance of the Woodside Fire Department will be given at the Woodside Hall on Saturday evening. This is looked forward to as the big dance of the year in local circles.

A. Santini and family have moved this week to San Francisco. Mr. Santini, a stone carver, has been at work for a year on the interior stone work in the theatre on the George Whittell place.

Mrs. Emma Andreen has been called to Tulsa, Oklahoma, by the illness of her son. She will leave on Sunday and will be accompanied by her daughter, Mrs. Edward Harrison of San Francisco.

The many friends of W. S. Jackson, taken hurriedly to the hospital last week, will be glad to hear that he has improved rapidly and will soon return to Woodside.

The Parent-Teacher Association will hold a card party on the evening of October 5 for the benefit of the dental clinic.

Peter Duzanica, Leland John and John Skrabo will leave on Sunday on a hunting trip in Siskiyou county. Duzanica brought home, last year from this region, the largest deer bagged by any of the local nimrods.

An order will be made shortly by the postoffice department extending rural route No. 2, Redwood City, effective October 16. The extension is based upon the petition of Austin C. Fitzpatrick, H. A. Lyndane, William Meyers and others in the territory to which the service is to be extended.

Inheritance Tax Of \$137,000 Paid

Last Thursday Wells Fargo Bank & Union Trust Co., as executor of the last will and testament of Joseph Vincent DeLaveaga, deceased, paid to the county treasurer of San Mateo county the sum of \$137,000, which represents the balance of inheritance taxes due the state of California from the heirs of the decedent. The executor had previously paid the county treasurer the sum of \$36,000, making a total tax of \$137,000 which has been received from this estate.

Mr. De Laveaga died on October 2, 1931, and at the time of his death was the possessor of the most famous live duck and goose collection in America. This collection was given by the heirs to the Whittier Ornithological Academy located at Whittier, California. The collection numbered in excess of 1000 birds, containing many exotic varieties.

The total estate was appraised at approximately \$2,000,000.

Morrissey Due at Roosevelt Dinner

W. H. Morrissey, the widely known attorney and a Roosevelt admirer, will attend the dinner given at noon today at the Palm Court, Palace Hotel, San Francisco, in honor of the Democratic nominee for the presidency.

Mr. Morrissey recently called on Mr. Roosevelt at his office in New York and had a delightful half hour with the governor.

Injured Man Said To Show Some Gain

Albert C. Clark, who was injured five days ago when he was thrown from his motorcycle on Cordillera road, is reported in satisfactory condition by his physician, but has not yet passed the critical stage. He is in the Palo Alto Hospital.

Mr. Clark, who is an employee of the Towne Motor Company, had been married just a week at the time of the accident.

Relief Head Asks Program From Surveyor, Plan Body Subject to Supervisors' O. K.

In a communication to the board of supervisors Monday morning, the San Mateo county committee on employment relief, through its director, Edward Macauley, recommends that the county surveyor and the county planning commission be instructed to submit for the approval of the supervisors a program and plan for county work to be undertaken in the event of the passage of the \$350,000 bond issue at the general election in November.

It is further recommended that the men to be assigned to the work be obtained through the county committee on unemployment relief and its registration and investigations, in order that those most in need be helped, and that the work decided on be of a useful nature and planned, as far as possible, to employ unskilled labor and hand tools. It is recommended in the letter that the board of supervisors fix the daily wage for the relief work.

It is also recommended that when it is not possible for the county authorities to provide sufficient work to aid the unemployed in urgent need, who are not now assisted by private donations and municipal funds, that money from the bond issue be used to provide food relief for those for whom no work is provided.

Additional recommendations in the communications are as follows:

Funds required for material, equipment and other expenses, incidental to this work, should be provided as needed by an increase of the bond issue over the sum of \$350,000 required for unemployment relief or by the appropriation of other county funds as may be approved by the board of supervisors.

It is important that the program and plans for work be made as soon as possible, if practicable to be completed not later than October 15, 1932, in order that they may be published in the press of the county for the information of the residents and voters of the county who are naturally much interested in knowing how the relief work is to be accomplished.

The board, on motion of Supervisor Hickey and Brown, referred the communication to the county planning commission to bring in a report as soon as possible, it being planned to hold a special meeting next Monday to act on the recommendations of the planning commission. Chairman Francis and Supervisor Thompson were absent from the meeting Monday and the other members felt that there should be a full board present when the matter is considered. Supervisor Poole acted as chairman pro-tem.
